January 12th, 2017

TO: Career Advisors, Counselors, Science Teachers, IB Program Directors, Magnet Coordinators, and Medical Clubs

FROM: Dr. John Landrum
Director, Office of Pre-Health Professions Advising

MIAMI DADE SCHOOLS

PAGES: 2

PHONE: 305-348.0515

COMMENTS:

Please distribute the flyer (Pg. 2) to Career Advisors, Counselors, Science Teachers, IB Program Directors, Magnet Coordinators, and Medical Clubs. The flyer provides information on the 9th Annual FIU Pre-Medical Informational Forum.

The forum is a great opportunity for students interested in a career in medicine to learn about the steps they should take to successfully prepare as an applicant for medical school. By attending this forum students will **gain a comprehensive understanding of medical school requirements and of the opportunities for a career as a physician.** There will be *presentations by faculty, staff, physicians and students from FIU's Office of Pre-Health Professions Advising and the Herbert Wertheim College of Medicine.* In addition, current undergraduate pre-medical students and alumni will speak of their experiences in preparing for their medical career. There will be an opportunity for students to interact with the presenters in a Q&A following the presentations. The forum has been very popular in the past. The information provided is general and will be helpful to any student considering a career in medicine regardless of the institution they choose to attend. We are reaching out to the student community and would like to circulate the flyer to any students interested in a career in medicine. If you need more information please call 305-348-0515.

PLEASE DISTRIBUTE THE ATTACHED FLYER

9th Annual FIU Pre-Medical Informational Forum

THE FIU OFFICE OF PRE-HEALTH PROFESSIONS ADVISING &

RSVP at <http://go.fiu.edu/medforum2017>

Have

you ever wondered...

- What courses to take in high school?
- What courses to take in college?
- What else to do to prepare for medical school?
- How to apply to medical school?
- How long it will take to get a medical degree?
- How to finance a medical education?
- How to become a specialist? (surgeon, pediatrician etc.)
- How the route to becoming a physician in the U.S.
