I am aware that my child is doing/has done a Science Fair Project or is producing/has produced an invention. My child had supervision during the development of the project or the invention.

Parent's Signature: _____ Date: _____

I have read the proposed Science Fair Project for the above-named student and have approved his/her proposal as safe. The student followed the rules of the Elementary Science, Mathematics, Engineering, and Invention Fair and, to the best of my knowledge, was supervised during the development of the project or the invention.
